

SANTA MONICA RESIDENTS ARE TAKING CONTROL OF TRAFFIC AND OVER-DEVELOPMENT

Proposition T – The Residents’ Initiative to Fight Traffic (RIFT) – is a ballot initiative created by Santa Monica Coalition for a Livable City (SMCLC) to fight our city’s ever worsening traffic by limiting local commercial growth.

Prop T is a moderate measure that does not effect schools, day care, municipal projects, or housing of any kind.

City Hall’s own budget analysis states Prop T will have no significant fiscal impact on city revenues. And the City Attorney’s impartial ballot argument has *no finding of any* fiscal impact on the city if Prop T is passed. None.

10,295 Santa Monica residents signed petitions insuring we all get to vote on Prop T Nov 4th. Help spread the word. Be part of our network of volunteers. Create a better Santa Monica for all residents.
